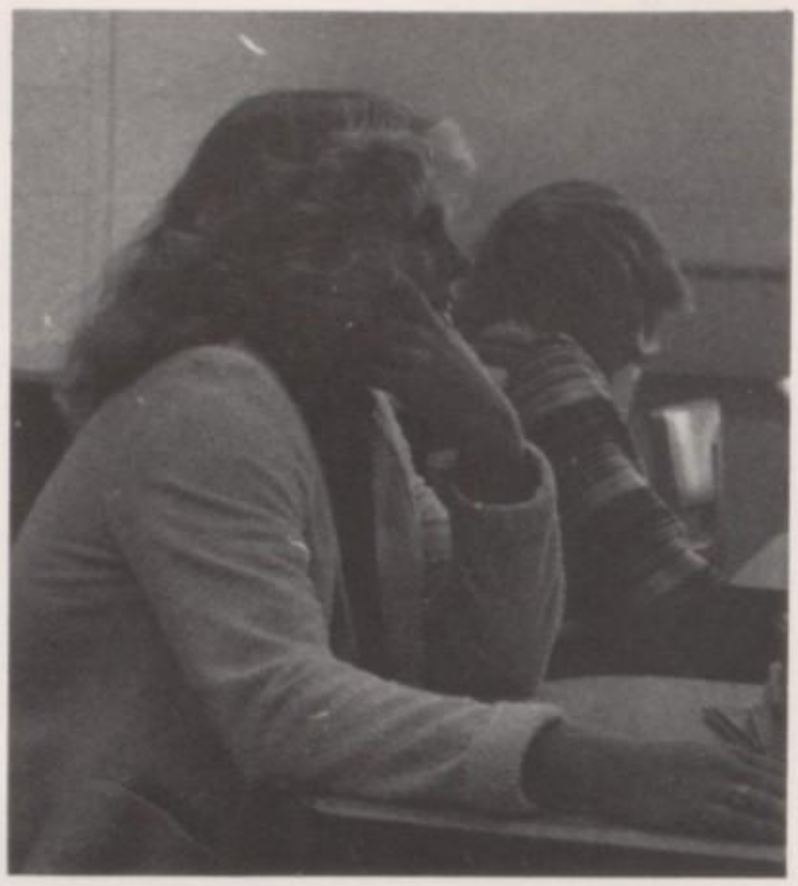
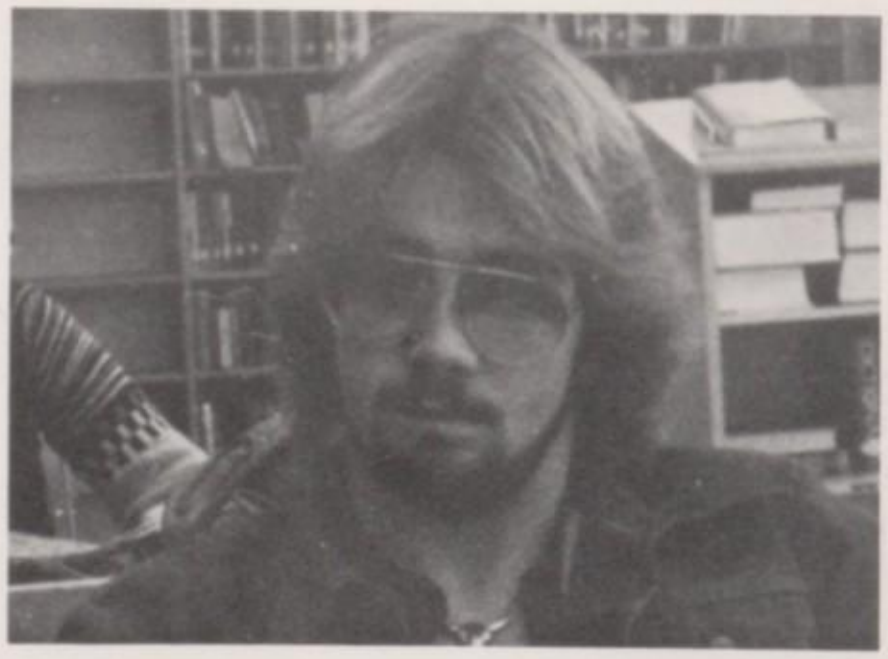
Offering us a myriad of opportunities, life could be characterized by the sky and its infinite horizons. With endless variations involving sunbeams, raineclouds, and stars, the sky seems to express life's hardships and happiness. The clouds depict the obstacles we will encounter; the waning moon, the many changes; and the multi-hued sunsets and rainbows, the joy and pleasure.

Let us remember that while clouds are inevitable, we should keep our focus on overcoming difficulties and striving for goals. We should lift ourselves high enough to see beyond horizons and recognize that our limitations are as boundless as the sky itself.

Birds of a feather flock together.





Who is that behind those Foster Grants?

Ay!

# Senior Class

The main fund raiser for the senior class was the sandwich sale. This year's sale was a great success. The class sold ham on rolls and established a new record of over 4,700 sandwiches sold. Hard work and much time went into making this the best sale ever.

Another fund raiser for the class was the participation in the apple festival at Mt. Aetna Orchards. Here, the seniors sold refreshments including apple pies made during school and other baked goods donated by the class members. The money earned from these events will go toward the senior class trip and their expenses.

The class of '82 had a busy year preparing for their many activities. A class dance featuring the group "Mourning Son" was very profitable. To raise money for the Junior-Senior Prom, the class held a sandwich sale. Another fund-raiser for the class was the Junior class play, ***The Whole Truth***, a November production.

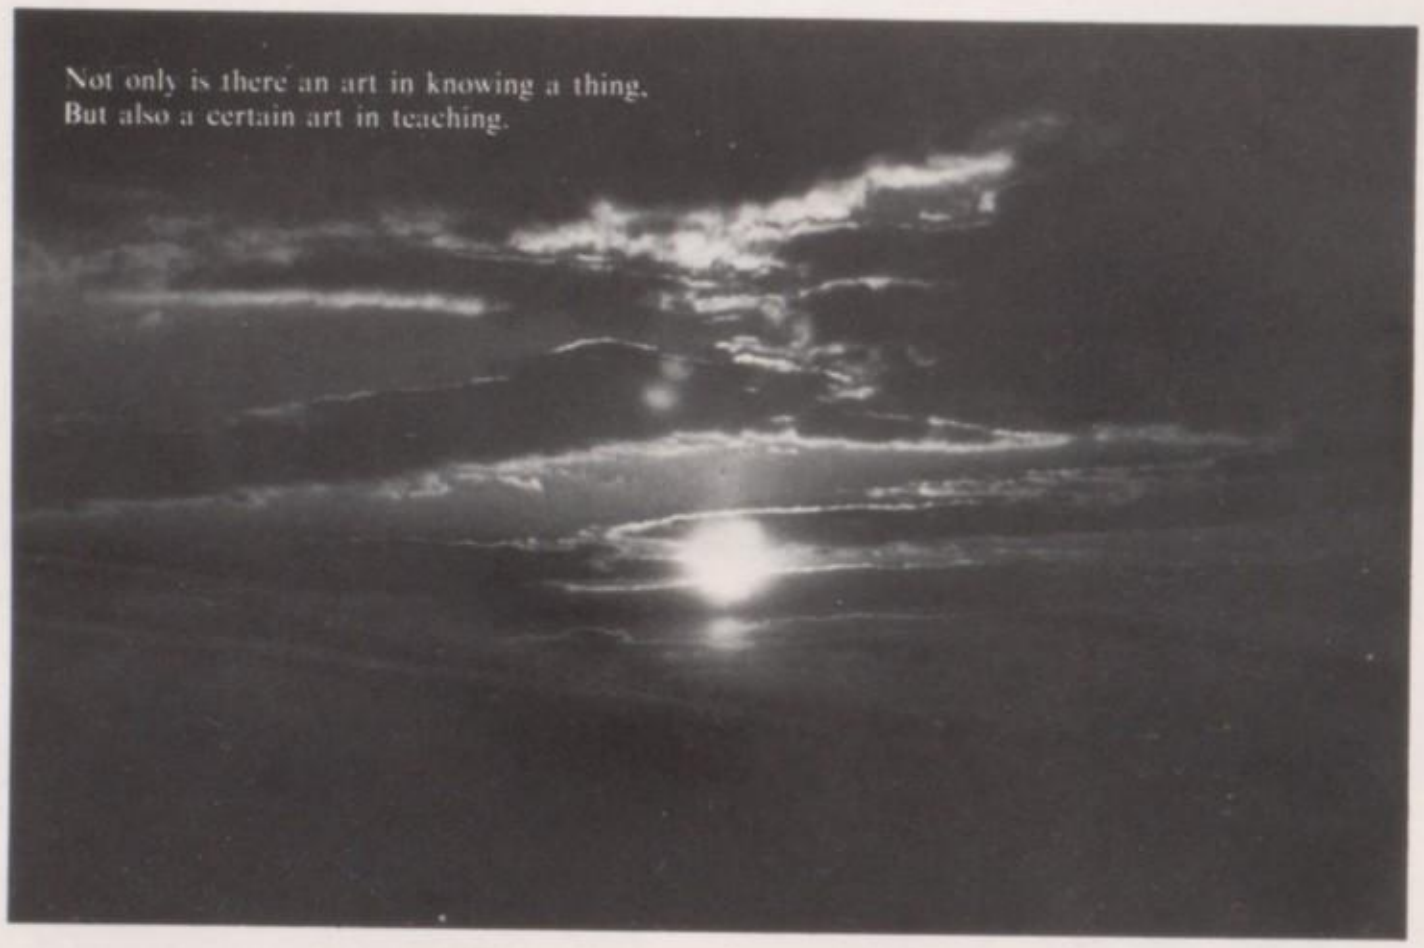
Throughout the first two weeks of this school year many cries of, "Where's my class?" or "Please direct me to . . ." were heard within the Freshmen class. After a few weeks, however, schedules no longer presented a problem and the Freshmen began to settle into high school life as if they had been here for years.

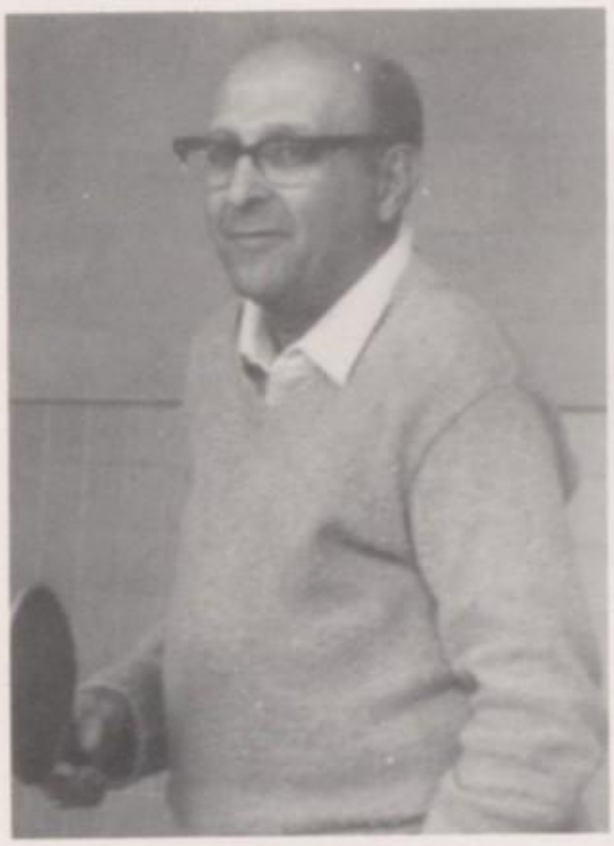
***Class Officers:*** M. Beiler, Treas.; K. Brown, V. Pres.; T. Brown, Pres.; C. Shirk, Sec.

***Class Advisors:*** Miss Zellers, Mrs. Leininger, Mr. Ferrence, Mrs. Althouse, Miss Ketner.

# Eighty-one



# Curricula



# Administration

***Row 1:*** Gerald Seiler, Earl Schaeffer, Jay Brown, Richard Ruth. ***Row 2:*** Attorney David Batdorf, John Rausch, Walter Focht, Eva Bross, Lynn Stoudt.

All major decisions regarding our school district are made by our school board. This group of men and women selected from the community are faced with the many problems concerning our school's needs, various activities, budget, and maintenance. The board plays an important role in keeping our school functioning properly.

Mr. Harold Matthew, Principal at THS.

Mr. Leonard Wearne, Assistant Superintendent.

# Central Office

***Row 1:*** Mrs. Sandra Keeney, Trans. and Caf. Sec.; Mrs. Janet Himmelberger, Sec. to the Superintendent; Mrs. Jean Polk, Business Manager. ***Row 2:*** Mr. George Bashore, Trans. Coordinator; Mr. Harold Matthew, Principal; Mr. Earl Koenig, Superintendent.

That persistent buzzing heard as you walk past the office is the sound of the administrative staff at work. They have many tasks to keep them working. These include: scheduling, coordinating athletic programs, keeping absentee records, and upholding the school policies and order.

Mrs. Himmelberger is busy all through the day.

Mrs. Ilene Batz and Mrs. Emily Weaver are the High School office secretaries.

# Guidance

A student contemplates her future.

Mrs. Mary Eckton, our Guidance Counselor, helps students with career research, scheduling, and individual assistance. She also advises student council.

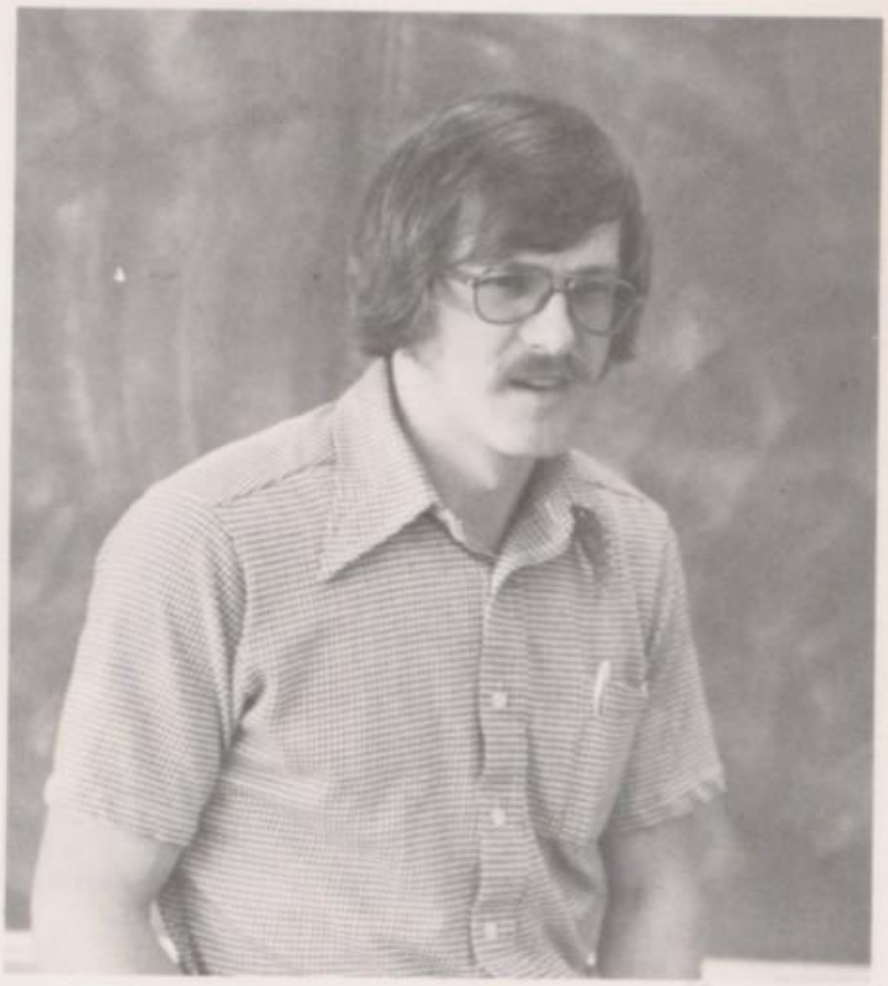
The GIS computer in action.

Mr. Robert Harner helps out with the report cards and advises students.

The guidance office is constantly kept busy. The door here is always open to the many needs of students. College pursuits and career searchings as well as any other services available are offered by the guidance office. A new addition to the guidance office is the Guidance Information System which is a computer that helps students locate colleges that will suit their career needs.

# English

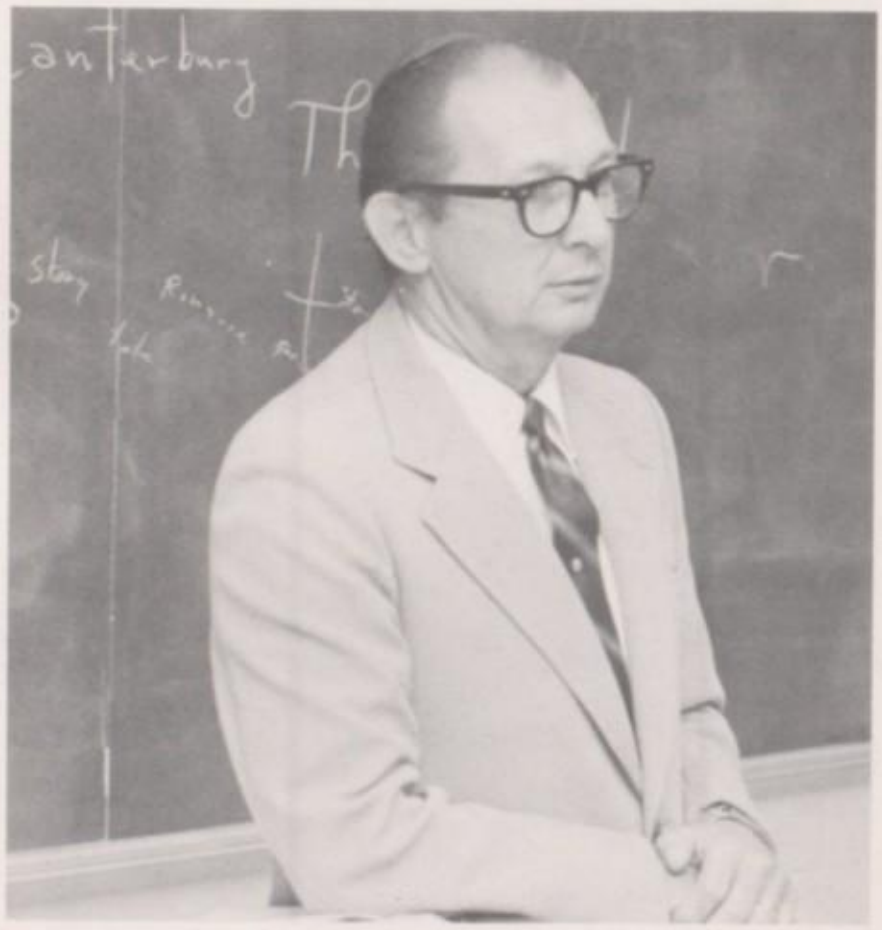
Stories such as ***A Tale of Two Cities*** and ***Romeo and Juliet*** are very popular with Mrs. Erna Deisher's ninth and tenth grade English classes.



Literature is Mr. Hepner's bag as he explains the moral of the story to his eleventh grade English class.

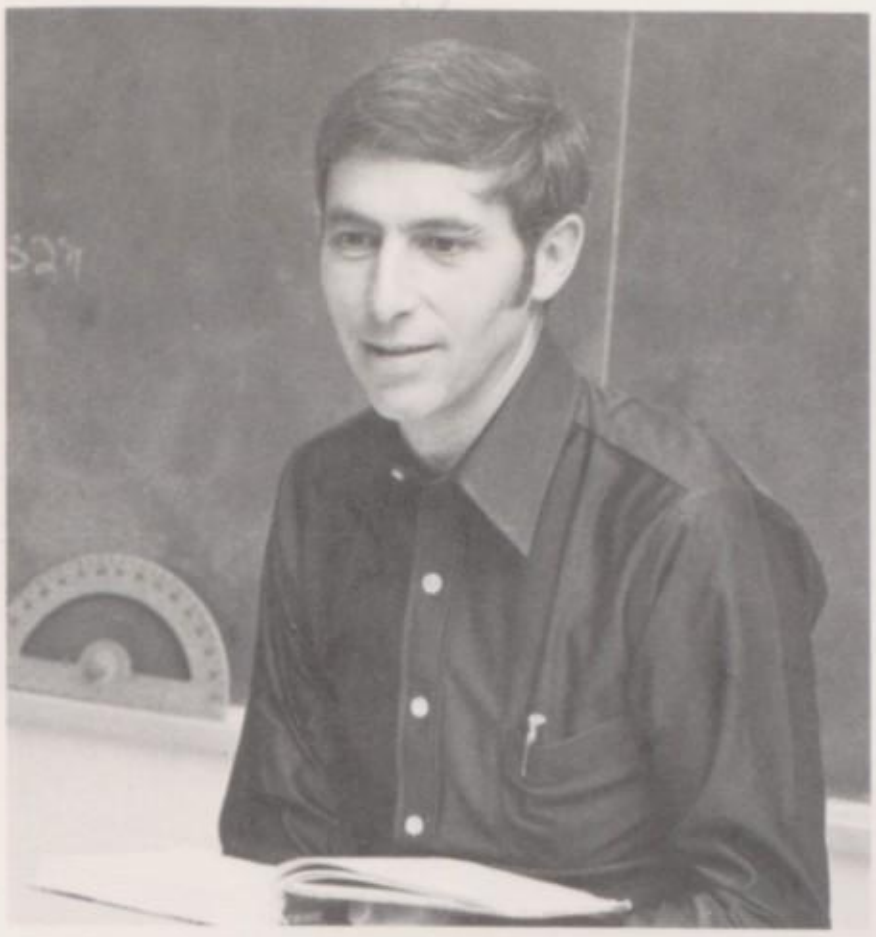
The correct use of nouns, verbs, and objects is just a small portion of what is taught in English classes at THS. The writing of compositions and reports, the presentation of speeches, and the preparation of term papers (a favorite of seniors), are a few of the ways in which grammar theory is put into practice. ***Hamlet, Romeo and Juliet,*** and ***Julius Caesar*** are examples of literature read by students.

A very dramatic Mr. John Feaser teaches English to ninth and tenth grade students.



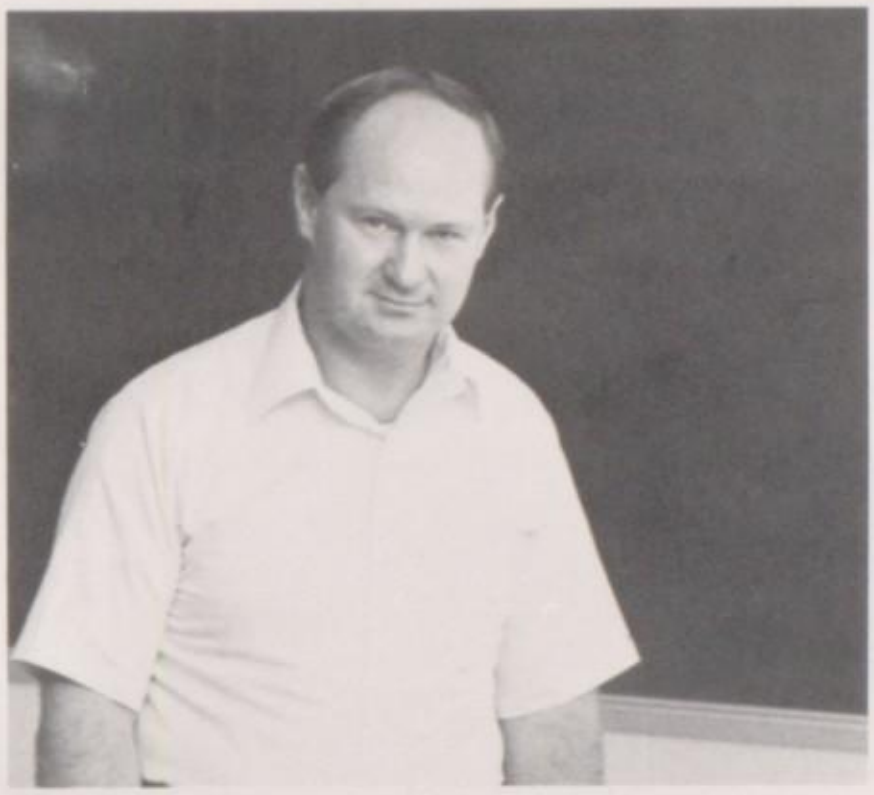
Be prepared to take notes in Mr. Sterling Hoffman's twelfth grade English classes.

# Mathematics

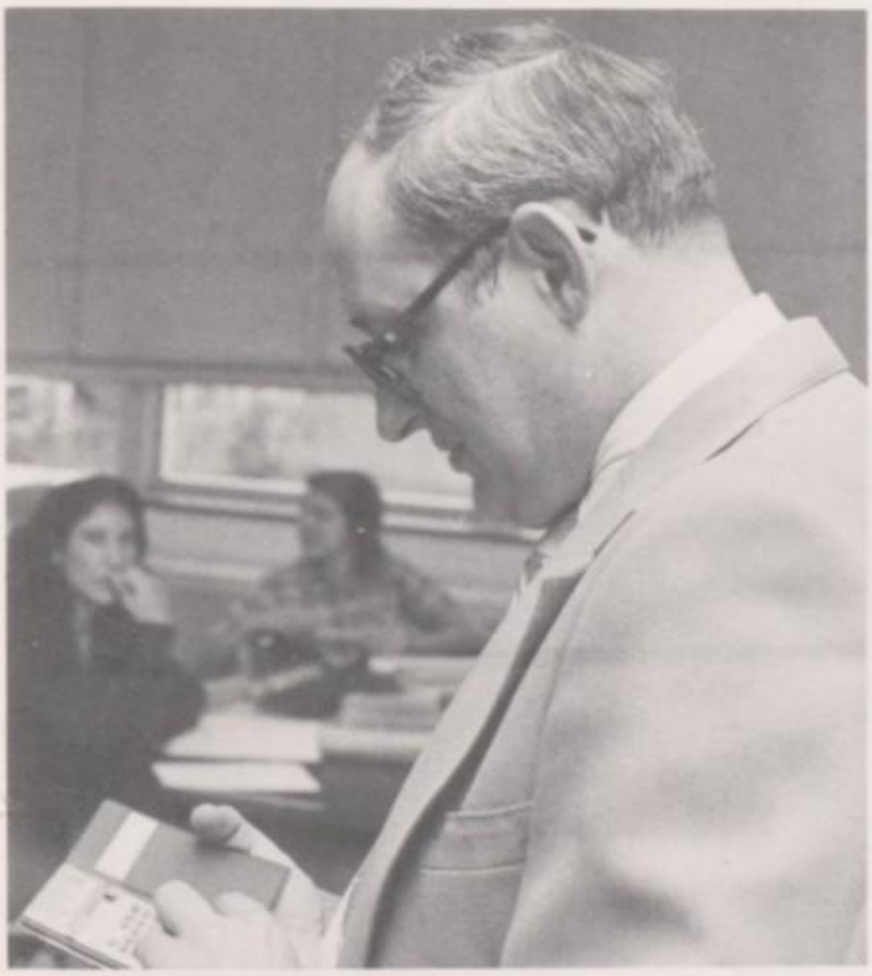


Mr. Edward Crim explains a proof to one of his twelfth grade Trigonometry students.

Mrs. Carol Leininger's "math races" are very popular with her Algebra I students. She also teaches General Math and Geometry.



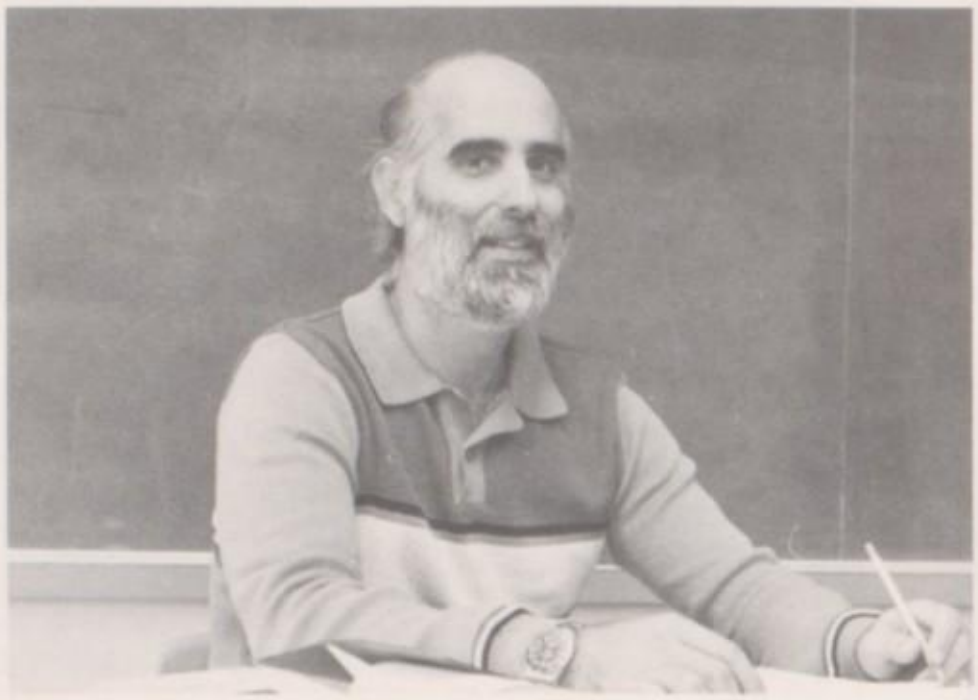
Being able to do proofs is of great importance in Mr. Ronald Graeff's Geometry classes.



Mr. Larry Rentschler calculates the answer in Algebra II.

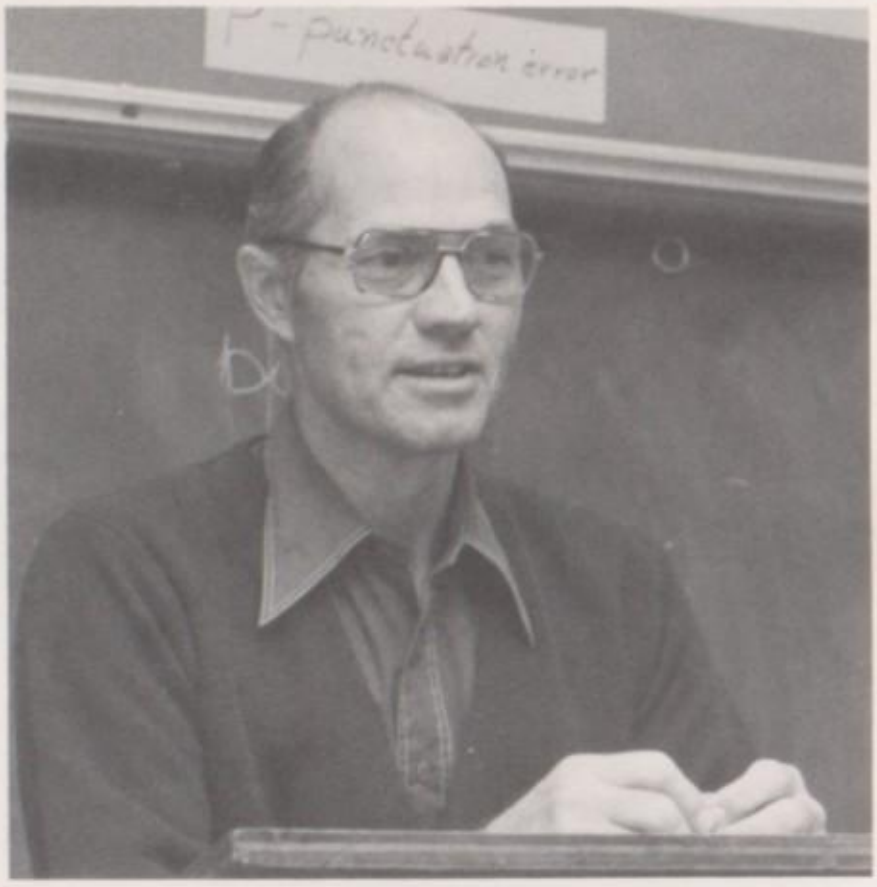
Throughout the four years each student spends in high school, math is an important subject offered. From the basics of Consumer Math to the complexities of Trigonometry, the math courses offered teach us to think clearly and apply ordinary mathematics to every day life situations.

# Social Studies



It is not uncommon to hear singing coming from Mr. Samuel Schwartz's eleventh grade American History classes on a day of review.

Current events are a must for anyone in Mrs. Linda Althouse's Civics and World Cultures classes.



Mr. Paul Wentling explains foreign problems to World Cultures students.

Class discussions concerning governmental problems are a big part of Mr. Michael Scarpignato's P.O.D. and Sociology classes.

Civics, World Cultures, American History, and Problems of Democracy are the four areas of study offered at T.H.S. A ninth grade student learns the complicated ways in which government works. The customs, government, and economics of other countries are taught to tenth grade students in World Cultures. Juniors study American History from pre-Civil War times to the twentieth century. Finally in twelfth grade P.O.D., the problems of our government and court systems are identified and discussed. Sociology, in which problems involving society and different cultures are discussed, is offered as a senior elective.

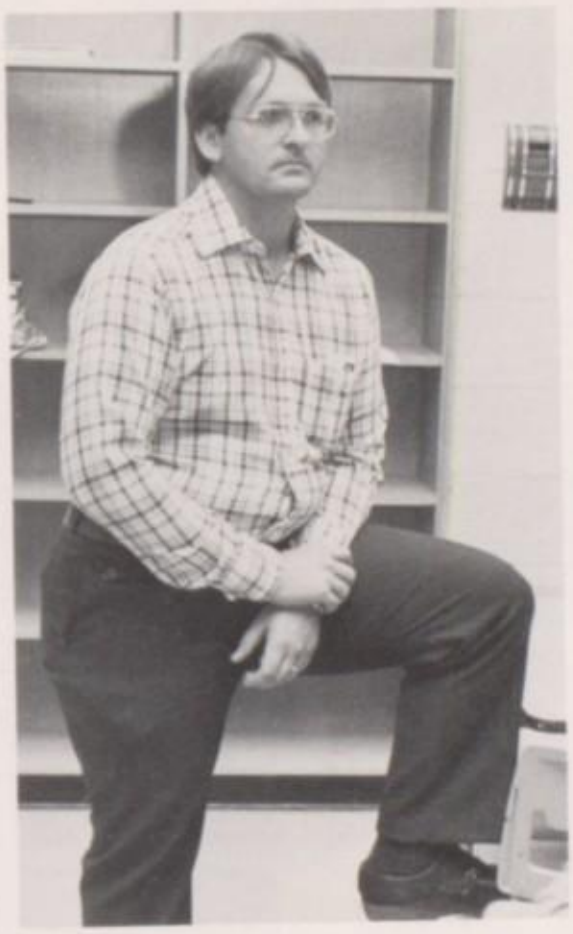
# Science

Our science program is one of interest and fun. Learning the basic principles of the universe is a necessity in these courses. We learn the basic facts of this planet, the vast world of plant and animal life, and perform impressive chemistry experiments.

Mr. Larry Rentschler prepares to show a videotape to a twelfth grade Physics class.

Miss Pamela Zellers, a new teacher at THS, teaches ninth grade Biology and twelfth grade Advanced Biology.

Interesting experiments are performed by students during Mr. Carl Winter's Chemistry and Earth Science classes.



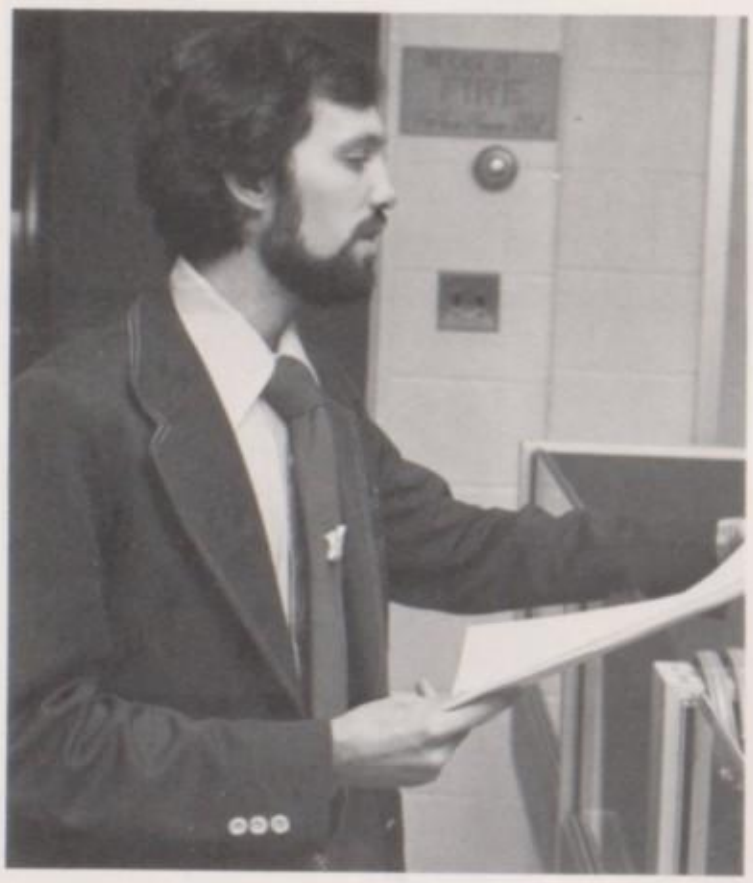
Surveying is just one of the many projects in Mr. Brian Ferrence's Earth and Physical Science classes.

Mr. Barry Kellner instructs students in Biology, Earth Science, Aminal Science, and Crop Science.

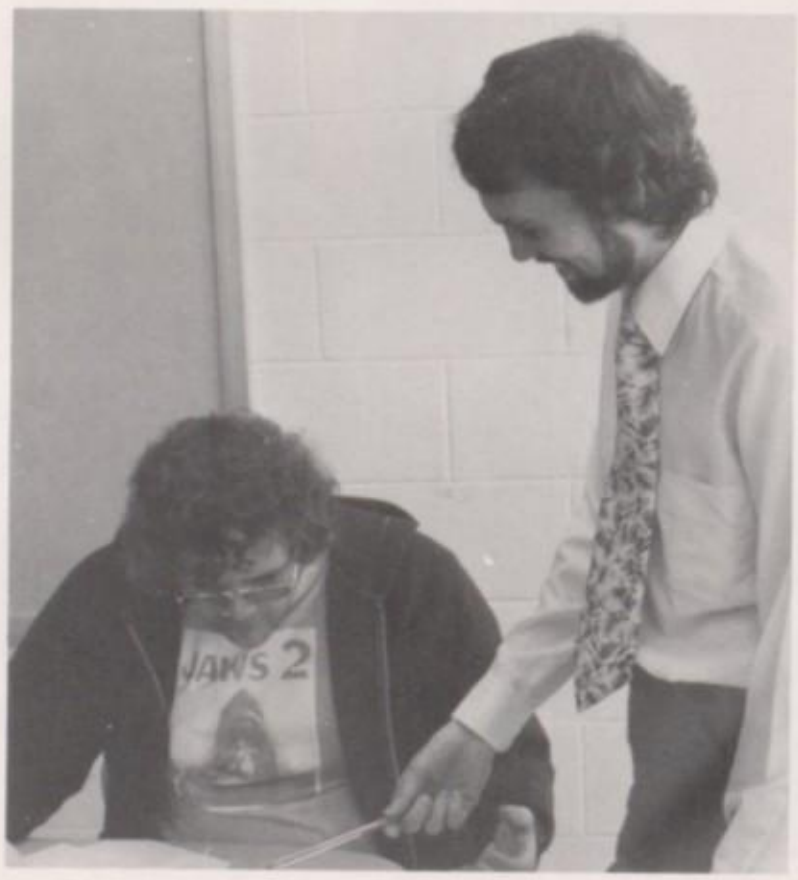
# Languages

We have two languages offered at Tulpehocken, both of which are informative and entertaining. We have the choice of learning with our ***amigos hispanos*** (Spanish friends) and studying the language, grammar, and the festive culture of Spanish-speaking countries or we can learn with our ***Deutsche Freunde*** (German friends) and study the language, grammar, and decorative culture of Germany. Of course, we can study both languages.

Miss Mary Ketner teaches the basics of German to ninth grade. She also instructs eleventh grade German.



Mr. Jayson Pail teaches German II and German IV in addition to Spanish I and II.



"***Taco*** is not in your vocabulary list, Senior Royles?"

# DOE

Mrs. Marie Driver instructs students in DOE theory.

The Diversified Occupational Education program set up at Tulpehocken is a special project giving certain students a great opportunity in life. These seniors attend school in the morning and work in the afternoon to receive on-the-job training.

***Row 1:*** Michael Donovan, Bobby Reppert, Randy Bomberger, Neal Koch, Kerry Mindy. ***Row 2:*** Michael Long, Harold Weaver, Charles Prizer, David Keeney, Nelson Ritchie. ***Row 3:*** Janet Lymaster, Audrey Weller, Trisha Davis, April Dreisbach, Rodney Dieffenbach, Darin Grumbine, Gary Parker, William Wagner, Kim Wampler, Mrs. Driver.

# Business

Get your calculators out, you will need them for Miss Mildred Kline's Accounting I and II classes. She also teaches Typing I and II and Business English.

Don't look at your fingers!

Do your debits equal your credits, Denise?

Simulated job interviews are a part of Mrs. Ann Felty's Office Practice class. Business English, Business Law, Salesmanship, General Business, and Shorthand II are also taught by Mrs. Felty.

# Education

The business curriculm teaches students the many skills required in a business career. They learn the fundamentals of operating a business and are taught the skills of typing, filing, accounting, and shorthand. These courses prepare students for business-related careers. During the third and fourth quarters, the cooperative education program is offered to seniors with a B average in the business areas of study. This program allows students to attend school for the first half of the day and to work in a business-related job for the second half of the day. This is a great opportunity for students to apply the skills they have learned and to get on-the-job training.

Mrs. Patricia Adamczyk's Consumer Education classes get very involved discussing consumer problems. She also teaches Business English, Typing I and II, Shorthand I, and Transcription.

Mrs. Adamczyk points out the error.

Miss Kline is always ready to help.

# Home Economics

For everything needed to know about managing a household, many students at THS pursue the Home Economics curriculum. Cooking, sewing, and many other creative crafts are taught in this exciting course. Students taking Home Ec. also learn Child Development, Family Relations and many other skills of a wise and thrifty consumer.

Caught in the act!

Craft, Home Management, Child Development, and Quilting are just some of the interesting classes taught by Mrs. Beverly Blatt.

Basic Baking and Main Dish are two of the Home Ec. subjects taught by Mrs. Betty Martin.

Learning is fun at nursery school.

# Agriculture

Mr. Michael Orendo is shown here with his twelfth grade Horticulture class. Mr. Orendo also teaches Farm Mechanics and advises the FFA.

"What's that under the hood?"

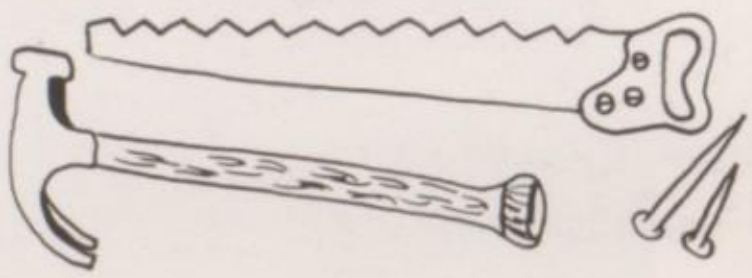
Animal Science and Crop Science are some of the agriculture subjects taught by Mr. Barry Kellner. He also advises the FFA.

Since we are in the heart of the farming community, agriculture is an important course of study at Tulpehocken. The care and rotation of crops is just one of the many facets of agriculture that students study. They also learn about repairing farm machinery as well as the use, care, and safe operation of complicated farm equipment. The cooperative education program is offered to seniors. To be eligible for this program, they must have an agriculture-related job. They come to school for the first half of the day and work for the second half. Horticulture is taken as an elective by some non-Agriculture seniors. This class studies the growth of plants and types of soil. The greenhouse has been renovated by these students.

# Industrial Arts

Woodcarving, Basic Repairs, and Introductory Metal are just some of the Industrial Arts classes that Mr. William Scheirer teaches.

Get to work, boys!

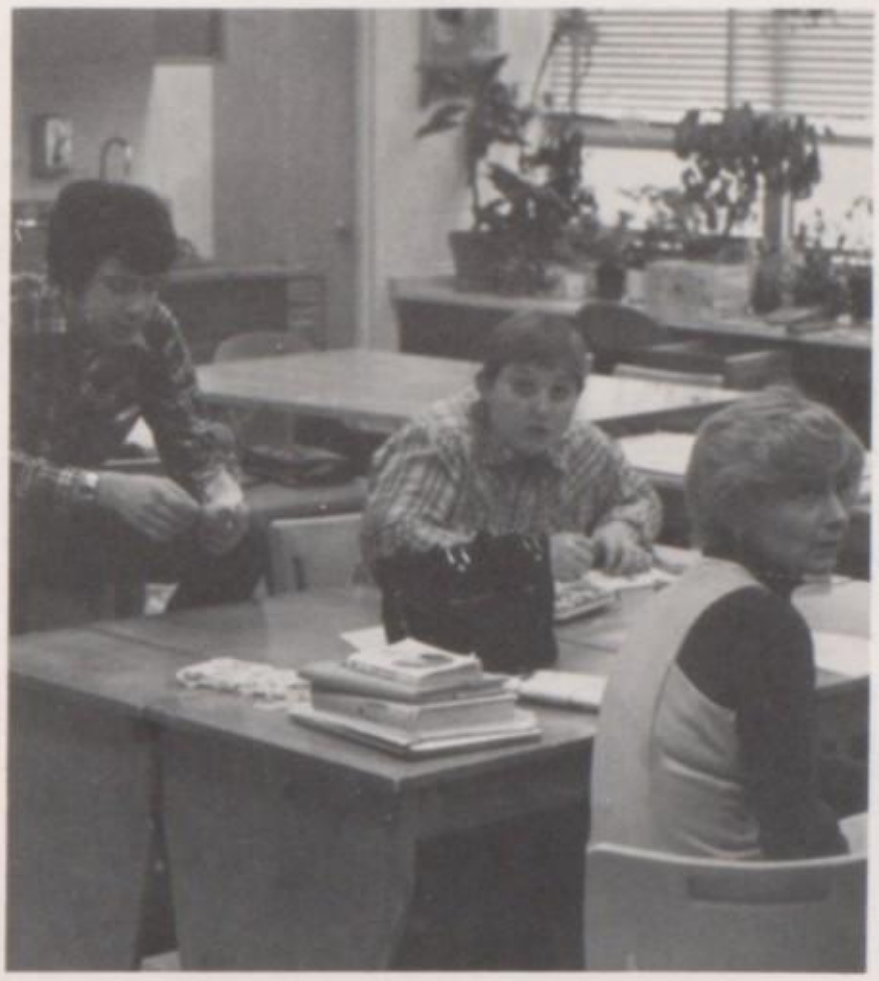


The Industrial Arts curriculum offers a variety of skills to be learned such as foundry, woodcarving, home repairs, and electricity. Underclassmen must take these required courses. In twelfth grade independent study is emphasized in which seniors work on certain projects individually. These projects range from taxidermy to creating wooden puzzles. This year some students traveled to Colonial Williamsburg, Virginia, to observe crafts such as gunsmithing, coopering, candlemaking, and blacksmithing. The gunsmith shop was popular with the students. Some students participated in a cable television program in which they showed their work in Industrial Arts.

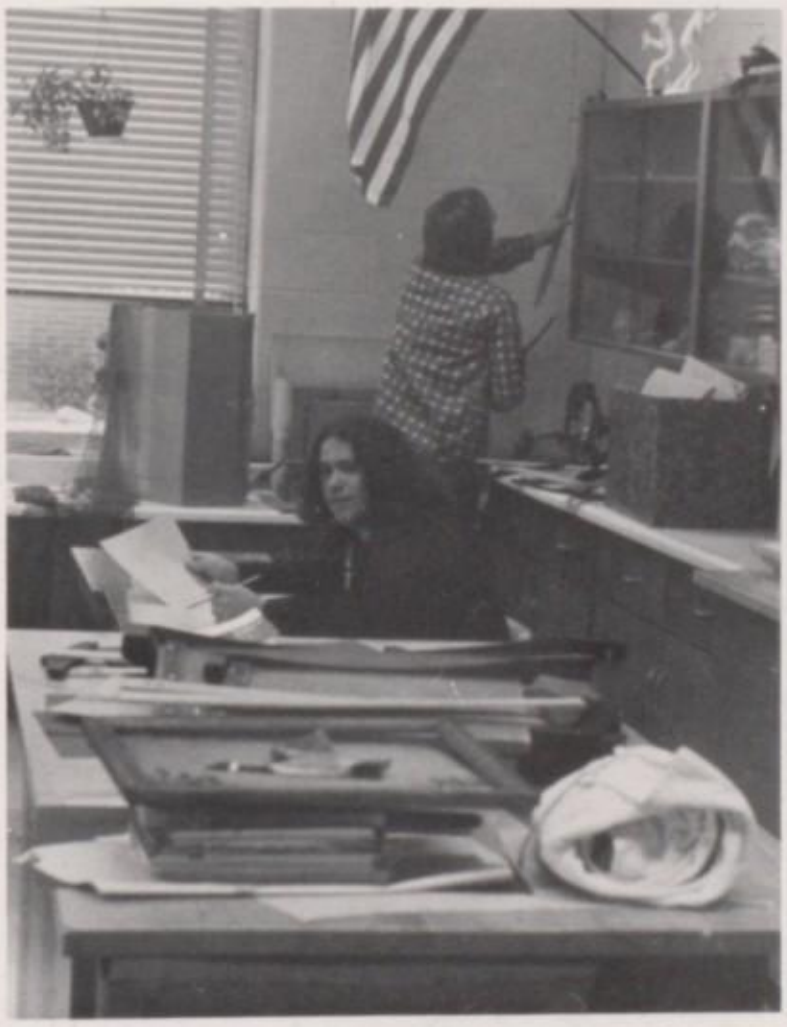
Nice work, Ken!

# Art

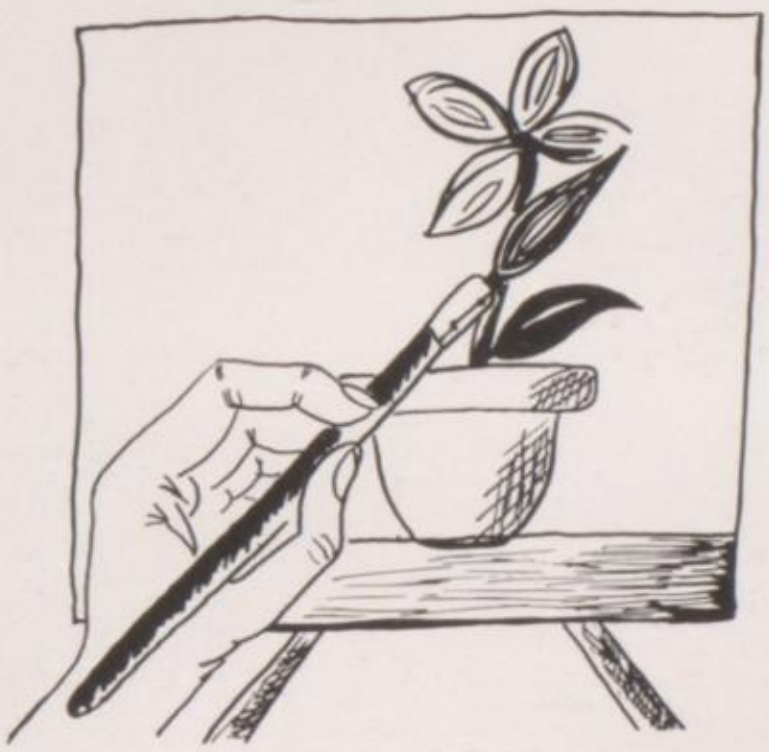
Ninth grade Art, Elective Art, and Mechanical Drawing are taught by Mrs. Janet Balthaser.



Ah ha! We caught you writing love notes!



What do you want?



Behind all the beautiful paintings and lovely designs displayed in the showcases is one important person—Mrs. Balthaser. She takes the freshmen under her wings in ninth grade and teaches them the basics of design and art. She then tackles all the many electives from Pottery to Mechanical Drawing through grades ten to twelve. Everyone leaves the class with a newly-acquired skill.

# Physical Education / Health

Physical Education is an important part of the curriculum program of general education. Gym classes consist of physical activities and individual and team sports, which are designed to improve posture, physical development, general fitness, and health. These too provide fun and recreation for the students.

Mr. Carl Wolf is not only a Phys. Ed. teacher, but is Director of Athletics as well.

Miss Mary Mohn has her hands full with Gym classes and Health classes.

The effects of smoking, drug abuse, and personal hygiene are just a few of the main objectives taught in Health classes. Students also learn to apply first-aid through the use of practicals and first-aid materials.

Mr. Lynn Schaeffer, who teaches Health, checks the cabinet for supplies.

# Driver Education

Mr. Schaeffer helps with roadwork.

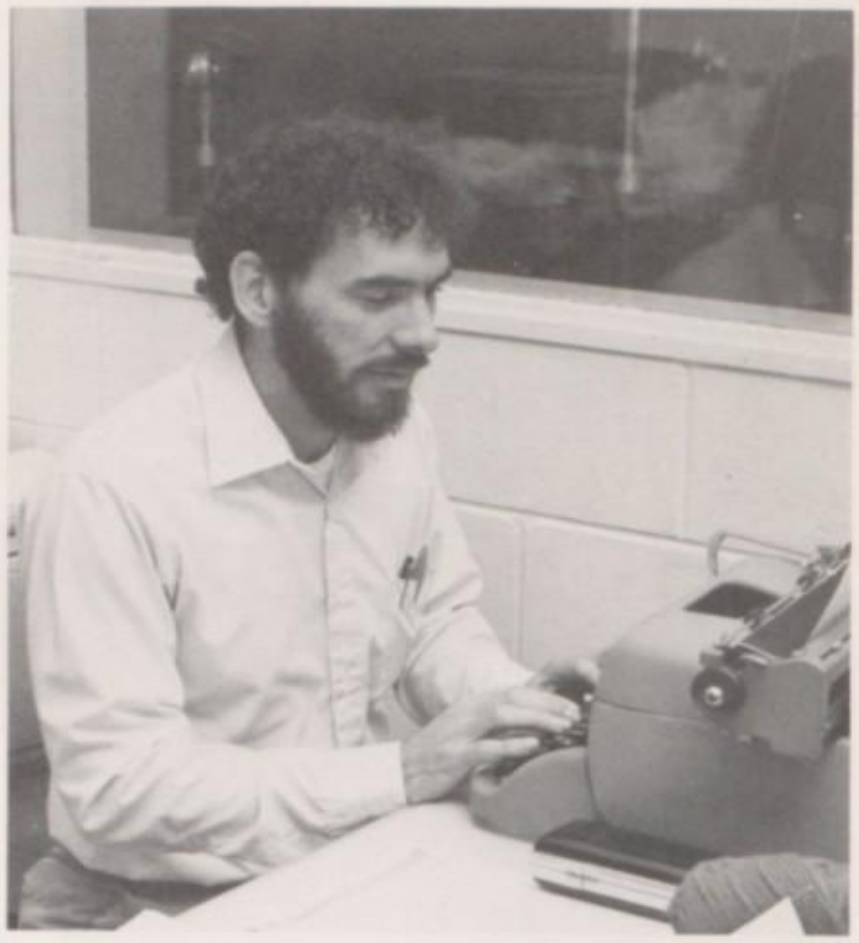
The Driver Education course at THS helps prepare the students for everyday driving experiences. In tenth grade, students are taught "the rules of the road" and various other principles of driving. Films also help stress safe driving methods. In roadwork, the students learn to apply the skills learned in the classroom to "on the road" driving.

Mr. Price is the Driver Education instructor. He is also responsible for those "after school goodies" from the snack bar.

Mr. Schaeffer shows off the Driver Ed. car.

# Music

Mr. Emery is a student teacher under Mr. Weaver's supervision until December.



Mr. Theodore Weaver's agile fingers glide across the keys.

Mr. Theodore Weaver, who plays and teaches instruments from the trumpet and baritone to the piano, is the director of the high school band. In order to help band improve its sound, Mr. Weaver uses his own time to conduct after-school band practices. Besides band he is also the director of the pep band. It's not unusual to see Mr. Weaver playing an instrument along with the pep band.

This year Mr. Weaver has an assistant in the music department. The school has a student teacher in music-Mr. Gary Emery, who is a student at Lebanon Valley College. As part of his learning experience, he helps Mr. Weaver primarily with the instrumental sectionals and assists with other tasks. He was with us for four months.

Teaching about the music of yesterday and today, Miss Kathleen Wolfe teaches general music to ninth grade. Besides teaching music, she is the director of the junior and senior high choruses. She also directs Sedecim.

Miss Wolfe, A famous composer in the making.

# Library

A quiet, calm room—every librarian's wish.

Mr. Bentz faces files with smiles

No talking!

Shhh! The library at THS is always the place to go whenever one needs to study in a calm and quiet atmosphere. The library fulfills all of the students' needs with its many books, pamphlets, magazines, and filmstrips.

# Vo-Tech

I knew I shouldn't have looked!

Oops! I forgot to smile.

What is she doing to me?

Would you please explain that in detail?

Many of the students at THS are involved in the Berks Vocational Technical Schools. These schools provide different areas of training which help students gain knowledge and learn the skills for successful careers in the fields they have chosen. The shops which are offered are: Agricultural Mechanics, Air Conditioning and Refrigeration, Appliance Repair, Architectural Drafting, Auto Body Repair, Auto Mechanics, Career Chemistry, Carpentry-/Millwork, Clothing and Textiles, Communications Media, Cosmetology, Data Processing, Dental Assistant, Distributive Education, Electricity, Electronics, Food Preparation and Service, Foundry, Health Assistant, Machine Design Drafting, Machinist Toolmaker, Maintenance Mechanics, Masonry, Occupational Child Development, Painting and Decorating, Plumbing and Heating, Printing, and Welding. The students study in the shop of their choice for one-half of the day.

One of the opportunities Vo-Tech offers is Co-op, which allows students to work at a shop-related place of employment for one-half the day, to put to use what they have learned during the two or three year course. Therefore, many of the students have good jobs awaiting them when they graduate.

Sure I want my picture taken!

Oh, if only I knew what I were doing.

Don't bother me!

I hope this is right.

Do it right, Jeff.

I wonder if she'll talk to me.

Maybe you know how to run this thing.

Who said studying isn't fun?

I wonder what this is ***supposed*** to look like?

I guess I should have studied after all.

This better not shock me!

Boy, if I only knew what this was.

And ***this*** is my toy?

Of course, I can do everything!

# Cooks

Nancy Angstadt, Pearl Schaeffer, Joyce Zerbe, Erma Henne.

Hard at work!

One of our cashiers at lunch is Betty Evans.

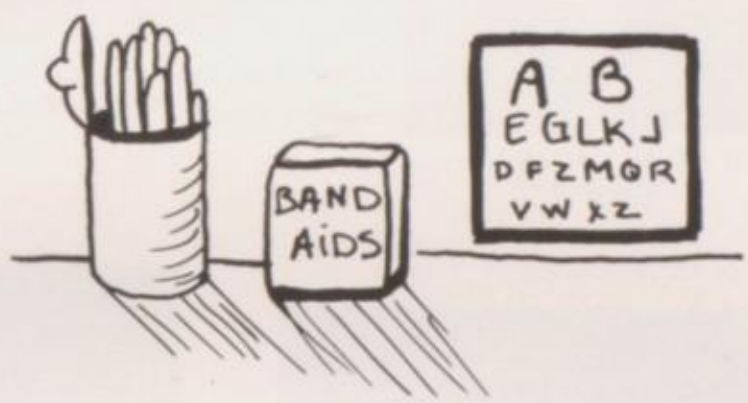
Soup's on!

***Bon Appetit!*** Every day of school our cooks work long and hard preparing and serving our meals. Their job is certainly a difficult one with over 600 meals a day to prepare.

# Nurses

"Is Trig. really that bad?"

Mrs. Judy Palmer helps with the sports physicals.



Miss Kline looks like she could use a vacation from school.

Mrs. Irene Haag's and Mrs. Judy Palmer's jobs at THS are never at rest. These nurses are kept busy from sports physicals to the many diverse injuries that occur throughout the year. These elect nurses are also responsible for hearing tests, eye tests, and height and weight checkups throughout the course of the year.

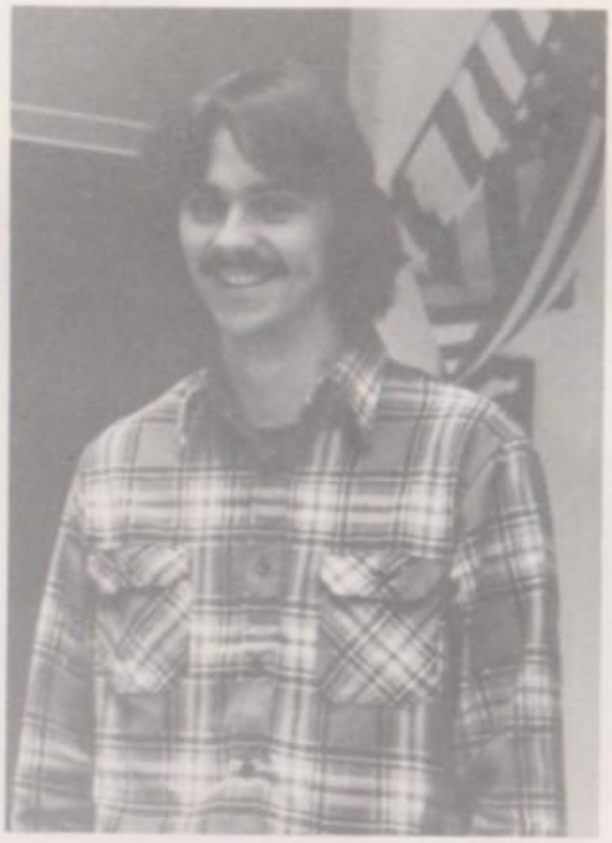
# Custodians

Our Superviser of Building and Grounds, George Bashore, awaits more work.

With a smile, Mrs. Helen Brightbill adds a shine to the water fountain.

Long after the end of a tiring school day our custodians are still busy with repairs, cleaning, and maintenance work. They continuously keep our school in tip-top shape.

Mrs. Edna Staller is always hard at work.



Ray Himmelberger, head custodian, is a jack-of-all-trades and is always around when one needs a helping hand.

# Bus Drivers

Music comes alive with the sounds coming from the THS band which is both a concert and a marching band. They perform in two concerts annually in addition to marching in various parades throughout the year. A touch of class has been added to the band's appearance this year with the purchase of new uniforms. The band works very hard every year having Christmas and Easter candy sales to defray half the cost of the uniforms, the school board having contributed the other half.

***Officers:*** R. Krause, Treas.; N. White, V. Pres.; A. Kissling, Sec.; G. Roth, Pres.; Mr. Weaver Director.

Our 1980 soccer team started the season with the return of eight varsity lettermen. Playing for their last year in soccer were seven seniors, all of whom started on the team at some point in the season. The overall record was 11-7-4 with a league record of 8-4-4. Early in the season the squad captured first place in the Tulpehocken Booster Club Tournament. The team finished second in their division behind Reading. This gave them the chance to advance to District III play by competing for the "wild-card" spot. However, the playoff game was lost to Mt. Penn 3-0. The team is looking forward to an even better record next year.

The 1980 varsity hockey team had a very exciting season with an overall record of eight wins and ten losses. The squad lost some very close-played games that went down to the last second in overtime or resulted in flick offs. The highlight of the season was capturing the first place trophy in the First Annual Tulpehocken Booster's Tournament. Also special recognition was given to Traci Rissinger and Nina Brown as they were chosen as members of the Berks County Eastern Division All Star Team.

This year the girls' tennis team had one of the best seasons in many years. They finished with ten wins and four losses. Several of these losses were to the division champs and were very close, hard-played matches. One of the high points in the season was the achievement of the #1 doubles team of Renee Krause and Terri Sonon and the #2 doubles team of Narda White and Denise Wayne. They advanced to the quarter finals of the County Doubles Championship before losing to the eventual champions and second runners-up. The girls worked very hard to achieve their fine record.

This year the boys' basketball team leaped off the benches into one of the best basketball seasons THS has had in quite awhile. The year opened with the team defeating division rival, Brandywine, in the Jack Flowers Memorial held at Albright College. The overall record for the season was 8-14 with the squad losing some very close-scoring games into overtime. A determined group of underclassmen is sure to lead the team into a successful season next year.

This year's varsity squad for girls' basketball had a very rewarding year with 14 wins and 8 losses overall. It was a season for the record: Terri Sonon was the first girl from THS to ever score over 1,000 points. With the help of coaches Rentschler and Winter, the tough team fought their path all the way to the districts. The Trojans won the first round of the District Championships by defeating Greenwood 53-50. This win enabled the team to advance to second round action where they confronted Camp Hill. Here the Trojans lost a well-fought, close-played game with a score of 50-54. Congratulations, girls, for an exciting season. We hope next year's team proves to be another winner.

The 1980 softball season was the best ever for THS. The team clinched their section with a league record of 10-1. They continued their quest by becoming Eastern Division champs, Berks County Runners-Up, District III Runners-Up, and third place in Class AA State competition. They finished with 18 wins and 10 losses. Congratulations, girls, for a remarkable performance.

# For THS Girls

Going to bed already, Shirley?

It was a hard game.

Mr. Wolf gets in on a game of cards.

The thrill of victory!

It was a long, hard trek to the State Softball Championships, but the THS softball team finally made it, despite the diverse injuries that had befallen them throughout the course of the year. The Trojan team earned the right to go to states by achieving second place in the district 3 playoffs. The state championships were held at Shippensburg State College during the week of June 9, 1980. During the course of the week the Trojan team won their first three games, but lost the fourth game to reigning state champion, Minersville. Despite the loss, however, Tulpy clinched a place in the top three. Conrad Weiser defeated the Trojans 7-2 on the last day, leaving Tulpehocken to go home with an honorable third place. When the Trojans were not playing softball, many other activities occupied their time such as a good rounds of cards, charades (one of the team's favorites), and listening to the team's "get psyched" tape "Meatloaf". To be able to go to states is an honor for any team and a whole new experience in itself. By the end of the week, the players, coaches, and the bus driver became one big happy family. One can bet that they'll shoot for the states again next year.

Deep in thought!

The 1980 Varsity baseball team finished second in their division behind Wyomissing with a league record of 7 wins and 4 losses. Last inning losses to Muhlenberg and Wyomissing were costly in an attempt to repeat as Western Division Champions. Shortstop, Brian Peiffer, and first baseman, Rich Brown, made the All-Division All Star team.

The ***Dardanian*** staff feels that special recognition should be given to the Booster Club for all the support and accomplishment they have given to the athletic program here at THS. The club consists of Mr. Wolf, the Athletic Director, and the parents of the THS athletes. The purpose of the Booster Club is to organize and sponsor various activities in order to raise money for the sports program here at the high school. Some of these activities include a donkey basketball game, a basketball game between the Philadelphia Eagles and the THS faculty, a sandwich sale, a tool sale, and the food stand at the home soccer games. They also sponsor a hockey tournament, a soccer tournament, a softball tournament, and a sports banquet in the spring. The Club, furthermore, bought all the plaques for the sports banquet and the third place medals for the girls' softball team.

The 1980-81 cheerleading squad got off to a slow start, but once Miss Zellers, the new advisor, became oriented, things got into full swing. The cheerleaders were quite busy this year as they cheered for soccer, boys' basketball, girls' basketball, and wrestling. The girls that attended camp brought back many new cheers, mounts, and ideas. Although there was only one squad consisting of ten girls, they kept the THS spirit going through thick and thin.

To put everyone into a romantic mood, students decorated the halls for Valentines Day.

Student council is comprised of elected representatives from each section. Their main purpose is to represent the student body to the faculty and the administration. After each meeting, they report back to their sections, informing them of what was discussed at the meeting. They keep the student body busy with dances, pep rallies, and door and hall decorating. One of their responsibilities is the playing of records during lunch periods. Also, delegates from our council attend Student Forums at various county high schools throughout the year. At these Forums, they exchange ideas with other schools' councils.

The National Honor Society consists of juniors and seniors who are chosen by the faculty for their traits of scholarship, leadership, character, and service. To become eligible for this society, a student must have an 86 average, then his name is placed on a list with the other eligible students. This list is then given to the faculty for voting.

At the annual induction ceremony held in March, student speakers featured were Mary Houck, Brenda Ruth, Ann Bashore, and Elizabeth Kress. Their speeches were on Scholarship, Leadership, Service, and Character, respectively. The guest speaker was Joe Piscitelli from Kutztown State College who spoke on the value of continuing one's education after high school. A reception tea in the library followed the ceremony.

The 1981 yearbook staff worked together to meet the challenge of creating a unique and interesting book. The staff began meeting in their junior year to learn the basics. Over the summer, much hard work and many long hours were spent in choosing a theme and selecting a cover and endsheets that coincided with that theme. Finally in September, the real task of putting together this May production began.

TNT has come to THS. This is the first newspaper our school has published in several years. After many hours of careful thought and much deliberation, the name ***Tulpy News Talk*** was chosen. The newspaper contains interviews with new teachers, sports articles, movie reviews, quizzes, and puzzles. To gain more experience in the field of journalism, Cheryl Schaeffer, Denise Mazess, and Pamela Keeney visited the office of the ***Reading Eagle*** newspaper. Each of them also had an article published in this same newspaper. Cheryl's article was about our school's newspaper, Denise's was about our school's yearbook, and Pamela's was the junior class play.

# Tartuffe

This year's Senior Class presented Moliere's comedy, "Tartuffe" on March 14 and 15, 1980. In all of Moliere's comedies there is a central figure who appears ridiculous because of some obsession. Moliere wrote "Tartuffe" to poke fun at members of Louis XIV's court who pretended to be religious in order to gain power and prestige in court. As a result of offending many powerful persons Tartuffe was banned for several years. In this play, Tartuffe, a con man, has entered Orgon's house and has taken over. Tartuffe manages to con Orgon into giving him his home and fortune, and his daughter as his wife. Only after Orgon catches Tartuffe making advances toward his wife does Orgon see the truth. The cast enjoyed working with each other and had a great time preparing the play for its productions.

William D. Fisher's "The Whole Truth" was this year's Junior Class play. This comedy was held on November 14 and 15, 1980, and was a big hit with the cast as well as the audience. The play opened with the Martin family organizing a truth campaign in which nobody could tell a lie. When Mrs. Martin made her family and servants promise to tell nothing but the truth, she had no idea the results would be so complicated. Everything in the Martin household ran smoothly until, on the servants' day off, Mr. Martin suddenly received word that an impressionable business associate was coming and Mr. Martin had to impress him with many servants in order to obtain a loan for his failing business. To go one step further, the Martins drafted their two children, the local minister, and a traveling aunt to pose as servants for the day. This set the stage for a very fast-moving and hilarious slapstick comedy.

# Tulpehocken's Junior Miss

THS Junior Miss, Pamela B. Keeney.

***Junior Miss Contenders:*** Renee' Krause, Roberta Soliday, and Sheila Bond.

How does it feel to be a Junior Miss? For Pam, it has been an honor, an adventure, and a time for growing and experiencing new things. The Junior Miss experience begins with preliminaries in June which are held at the Schuylkill Valley High School, home of the Berks County Junior Miss Pageant. A panel of three judges selects one girl from the contenders to represent her school in the pageant. After the representative is chosen, she is informed about the many activities throughout the upcoming season. Some of these fun-filled activities include miniature golf, a swim party, a softball game against the Reading Phillies' wives, and distributing Hershey Kisses at the Berkshire Mall. Accompanied with these fun activities, though, are many hard practices—some of which last into the early morning hours closer to pageant time.

Every pageant has a theme, and this year's theme was the "South Pacific." The girls performed dance and physical fitness routines on a decorative stage with a Hawaiian setting. There was even a volcano that spewed steam into the air.

Before the pageant, a private interview is held between each girl and a panel of judges concerning her scholastic achievements, her values, and her goals in life. During the pageant, the contestants are judged on poise and appearance, creative and performing arts, and youth fitness. Even though one girl is chosen to represent Berks County as its Junior Miss, all the contestants are winners because everyone comes back with a little something more than they had before. Pam sums it up in these words, "You get to know all kinds of people and develop new friendships. It's great!! After being a Junior Miss once, I would be one again if I had the chance."

For her talent, Pam performed the Spanish fiesta song entitled, "La Comparsa" by Luceono.

# Dances

This year at THS, there were several dances held in the high school cafeteria. Among these were the homecoming dance (sponsored by the Student Council), the Junior Class dance, and the Senior Class dance. The Student Council dance was held on October 10, 1980. At this dance, Roberta Soliday was chosen as Homecoming Queen with her court consisting of Nicole Goss, Sherry Kramer, and Sherry Yeakley. The Junior Class dance was held on November 7, 1980, and featured the group, "Mourning Son.""Winter Carnival with the Peanuts" was the theme for the Senior Class dance held on December 13, 1980. The Snow Princess for this dance was Sherry Kramer with the court consisting of April Brown, Patty Brett, and Deneen Ebling.

En garde!

Don't look so mad, Nina.

Ramming speed.

Point your toes.

"It was green, hairy, had big eyes, and . . . "

"Come on, make that shot!"

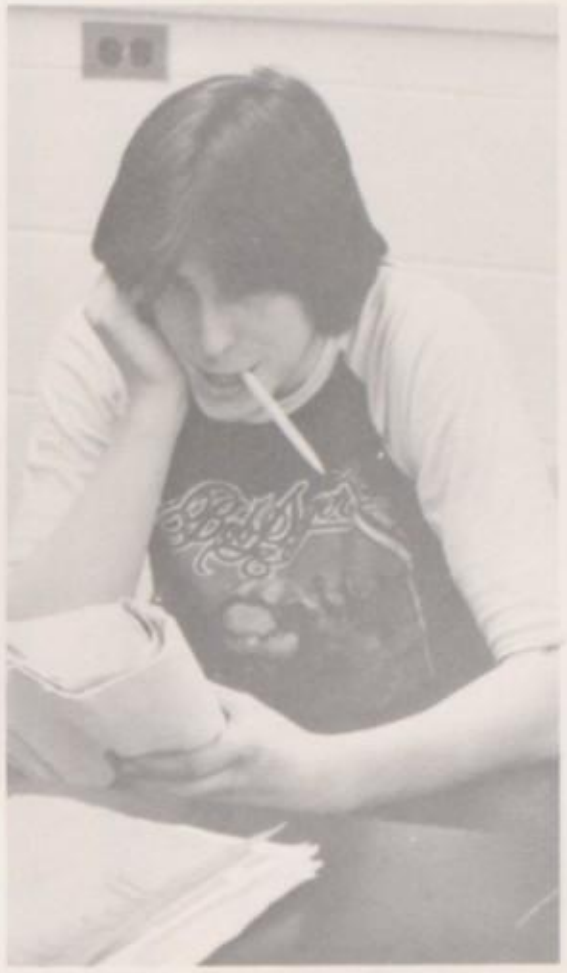
"Start the music!"

"Let me see, what color shall I use next?"

Rick's into Q-tips right now.

The girl and guy who are talked to the most.

A touch of class.



"Don't you dare!"

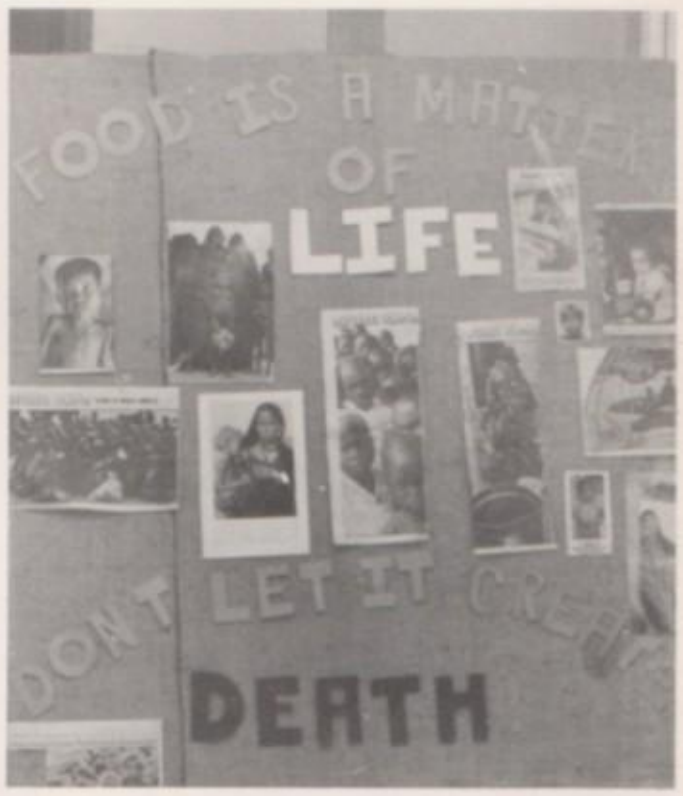
Ah ha! We caught you!

"Alright! We're finally winning!"

Is school that tiring?

The Rockettes come to THS.

I'd rather fight than switch!



World hunger poster contest winners were as follows: First place, Sue Olesh; Second place, Marcia Fansler; Third place, Sue Younker. The prize money that was won by these contestants was sent to hungry nations in order to help alleviate the world hunger problem.

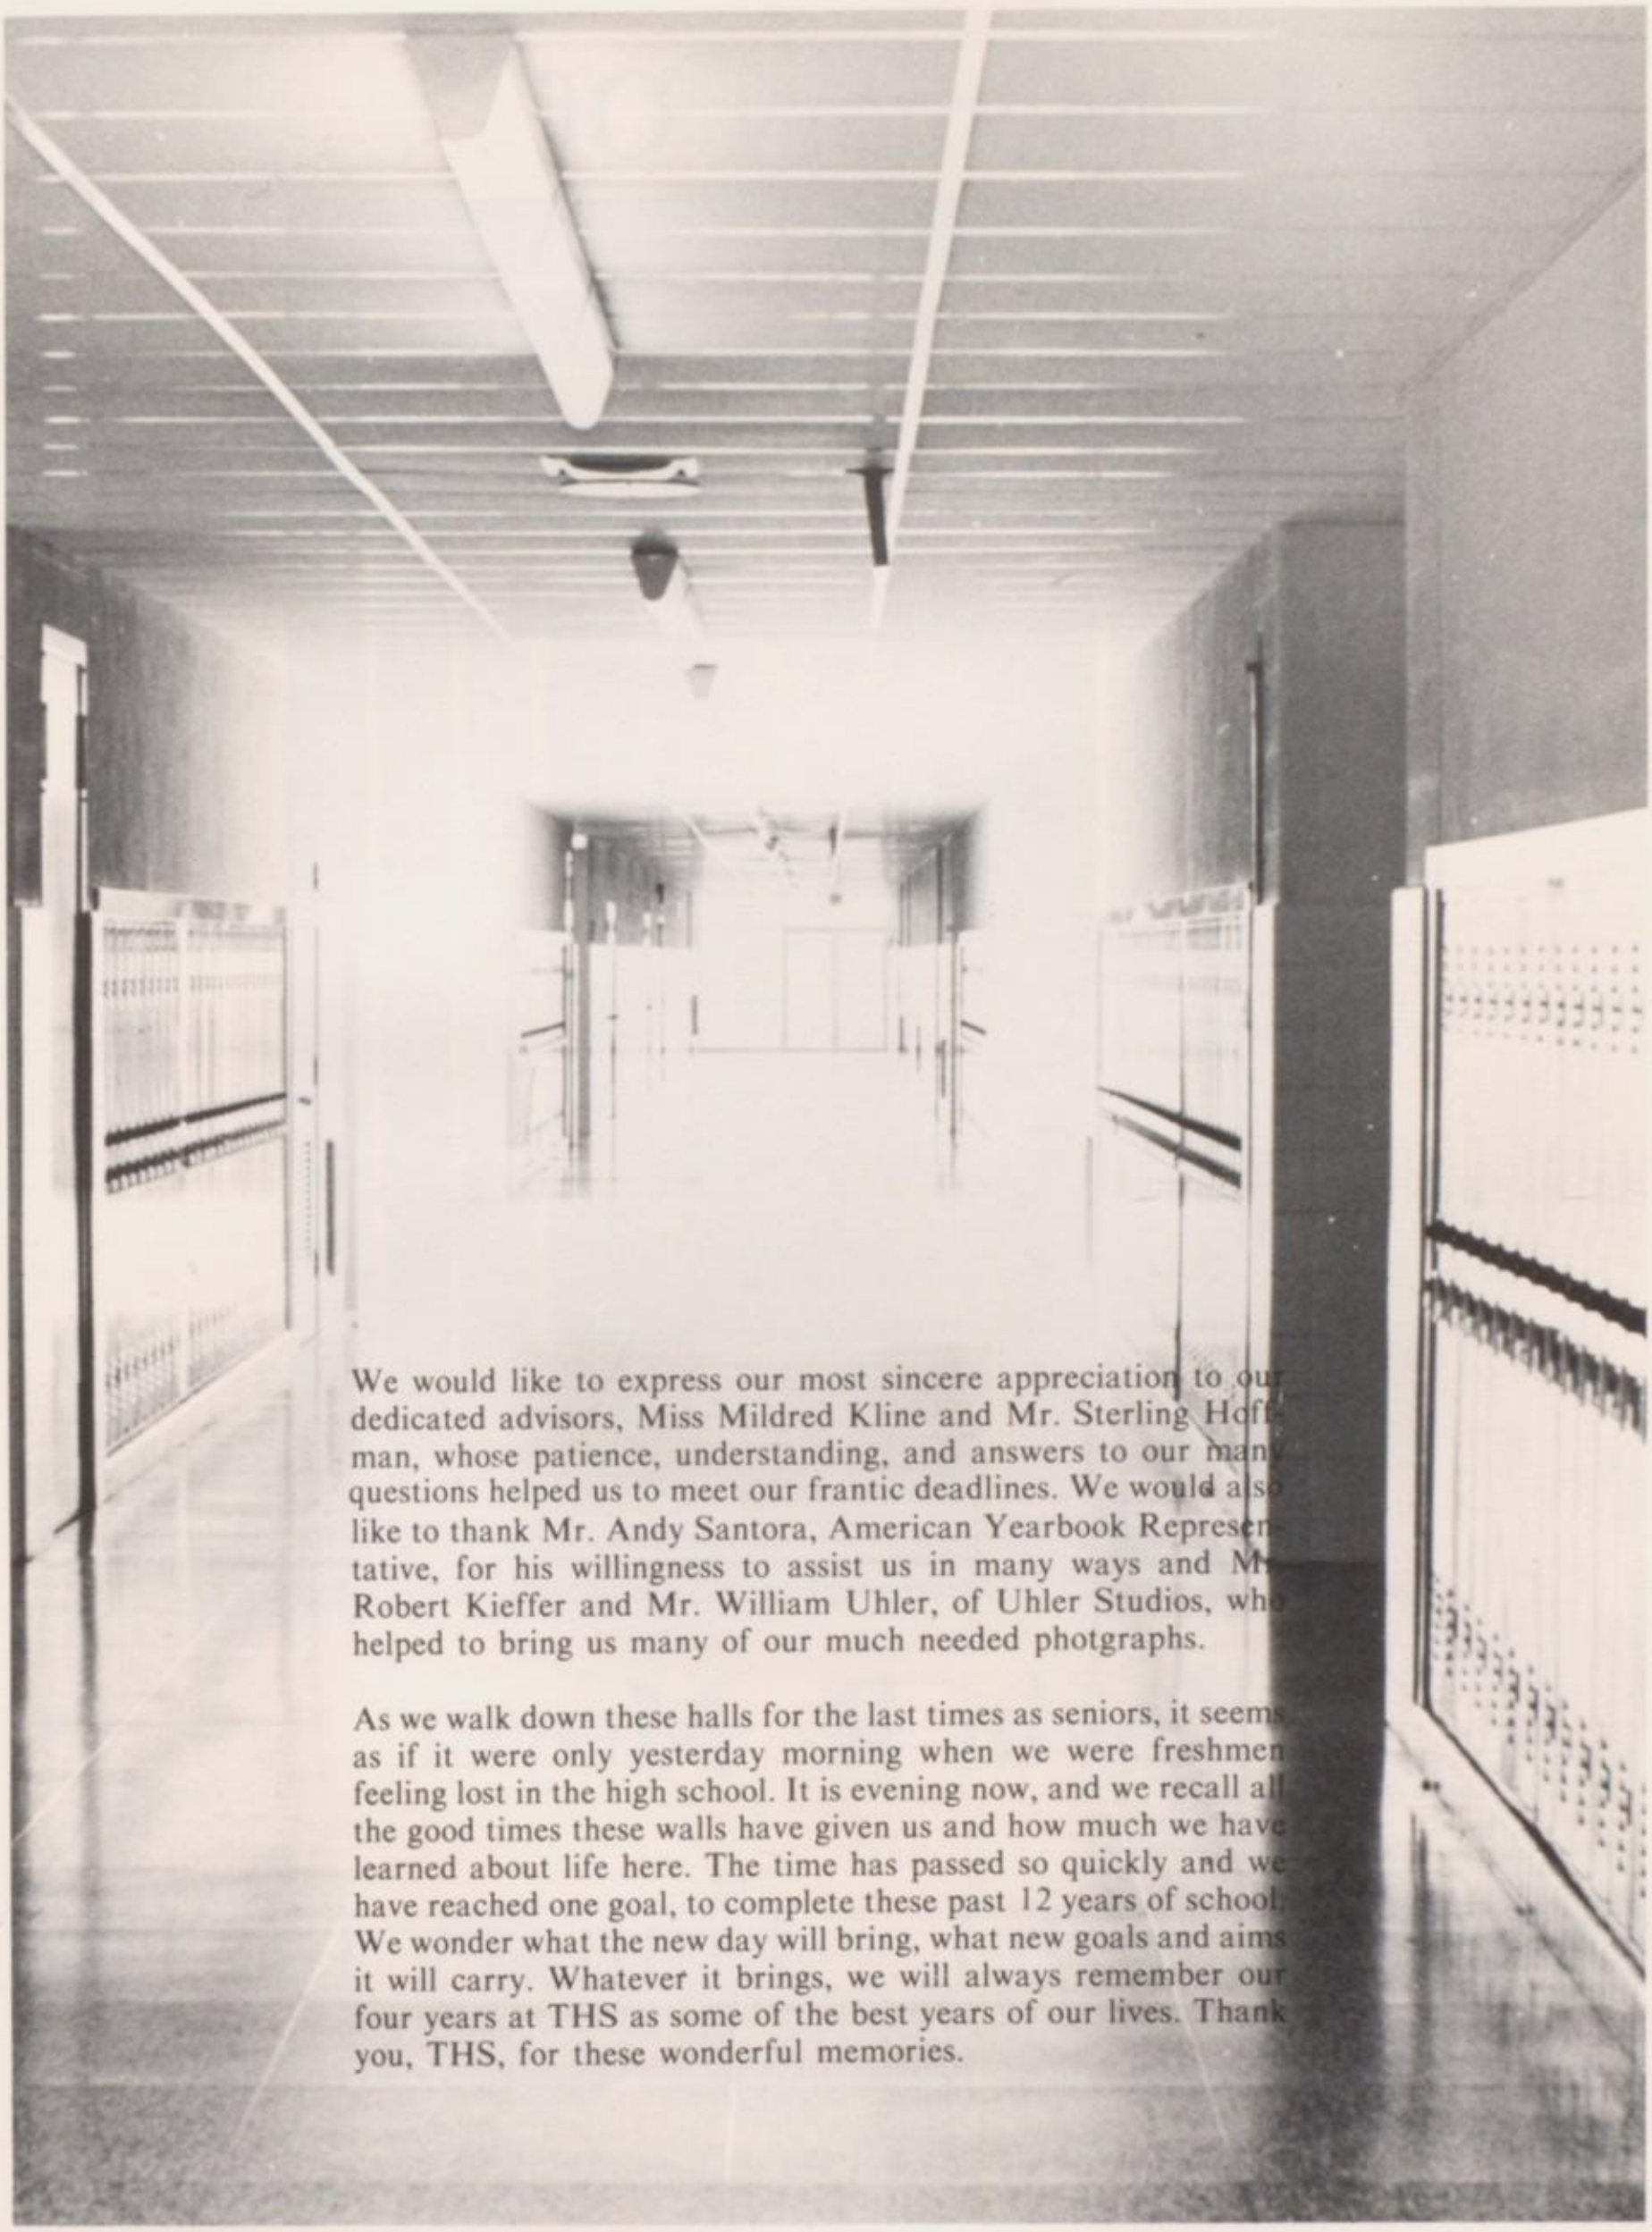
Who are they kidding?

Test! You're kidding!

It's a bird . . . it's a plane . . . it's Hollenbach!

Pork roll again?

It's been a memorable 12 years!



We would like to express our most sincere appreciation to our dedicated advisors, Miss Mildred Kline and Mr. Sterling Hoffman, whose patience, understanding, and answers to our many questions helped us to meet our frantic deadlines. We would also like to thank Mr. Andy Santora, American Yearbook Representative, for his willingness to assist us in many ways and Mr. Robert Kieffer and Mr. William Uhler, of Uhler Studios, who helped to bring us many of our much needed photgraphs.

As we walk down these halls for the last times as seniors, it seems as if it were only yesterday morning when we were freshmen feeling lost in the high school. It is evening now, and we recall all the good times these walls have given us and how much we have learned about life here. The time has passed so quickly and we have reached one goal, to complete these past 12 years of school. We wonder what the new day will bring, what new goals and aims it will carry. Whatever it brings, we will always remember our four years at THS as some of the best years of our lives. Thank you, THS, for these wonderful memories.
